

When it comes to custom shade structure projects, Master Tents and Shades LLC brings almost 15 years worth of experience to our clients. Master Tents and Shades LLC is the leading full-service, design/build commercial shade manufacturer in the nation. Our in-house design and engineering team equips our clients with the ability to create fully custom designs for specific project needs and goals and it's one of the best tents and shades manufacturing company in UAE.

We've installed over 2500 shade structures, many of which are custom design shade projects for a wide range of markets and applications.

Our team has worked on some of the largest and most unique shade structure projects in the country, alongside some of the top architecture, landscape architecture, construction and design/build firms. Our experience and in-house capability mean our clients can count on us to understand the complexities that come with highly customized fabric shade structures and to deliver the project on time and within budget.

ABOUT US

OUR PRODUCTS

As a company, we believe our strength is our people and had invested in their skills improvement, production equipment and space to ensure each item we manufacture measures up to our impeccable quality standards.

We are affordable because we effectively use the technology and plan our production in such a way that we have less material wastage, less labor cost and less time for executing a project.
